ENGLISH STEEL ESTATE FENCING,

made to measure,

the continuous railing comprising one rail above five flat bars with a post on one metre centres,

DIMENSIONS: 120cm (47^{3⁄4}") High

STOCK CODE: 42786

HISTORY

This smart deer-park fencing is constructed from galvanised steel - the bar comes in 5m lengths and is assembled on site without welding, in the traditional way. The railing is painted in situ after assembly.

The railing will follow the contours of the landscape as required.

Please ask for an installation quotation.
