## HISTORY

We can advise on the best means of delivery if needed. The stones fill 14 pallets (over-sized) so will go on a single 40' curtain-sided HGV trailer - we have facility to load by forklift here if required. A good mix of sizes at around 90x60cm, 68x60cm, 60x60cm and 37x60cm meaning the flagstones can be coursed (subject to some variable measurements).
