A PAIR OF LARGE BRITISH STEEL AND GLASS RAILWAY SIGNAL LAMPS,

late 20th Century, repurposed as disco lights,

each unit comprising four lamps with clear convex lenses set within a wide fascia plate - each lamp directionally hooded, the colour filter and lamp-parts removed and replaced with programmable (or sound-sensitive) polychromatic LED lamps - dmx linked if preferred; to the rear, the workings encased in two weather-proofed compartments,

DIMENSIONS: 130cm (51^{3/4}") High, 61cm (24") Wide, 60cm (23^{1/2}") Deep, each (23 deep excluding lamp hoods)

PRICE: £1,975 the pair

STOCK CODE: 45882

HISTORY

These signal lights are large and heavy industrial gauge lamps. They can floor-stand, or, if you have strong fixing points could be suspended. Each unit is 240V. Plug them in and boogie.
