PRICE: £85 per pair

STOCK CODE: 92514

HISTORY

Here nickel-plated (brass is available see 92295) this pattern can work beautifully in contemporary schemes. Suitable for internal mortise lock but not intended for rim locks (for rim locks one rose must be omitted but with these the rose is integral = we can supply this variant: please enquire). Spindle gauge is standard and should work in any English mortise lock. These are reproduction door-knobs so can be ordered in quantity if required.
