HISTORY

You choose how far to go belt-sanded and Danish oiled for a warm, robust and beautiful timber kitchen work-surface, rub-down and wax for a characterful look, or, for that on-the-pulse distressed interior ... just cut to size and fit it with the graffiti still on! As recommended by Jo Kornstein in The Guardian: " ... "we tried to make [the kitchen] cosier by adding lots of wood - it's warm and inviting". Racing Green factory lights, reclaimed laboratory worktops (try lassco.co.uk) and utilitarian, metro-style white tiles."
