A TUDOR OAK FLOOR,

c.1580's, Oxfordshire

the wide-board planks, many with a hand-cut tongue and all boards with fabulous original patina, some later patching and cuts commensurate with five centuries of wear,

DIMENSIONS: 38cm (15") Wide, 38cm (15") At Widest

STOCK CODE: 43493

HISTORY

It is rare to find a parcel of such ancient flooring timbers. They were removed and stock-piled in a farm building in the late 20th Century. Potentially yielding up to 35square meters of coverage we are only selling it as a parcel. The laying of it will need to incorporate the warp and wear and character inherent in any such floor. Carefully done, the results will be spectacular.
