AN EARLY VICTORIAN COPPER AND WROUGHT IRON WEATHERVANE

c.1830, matched elements,
the pennant vane (later) modelled in sheet steel, the indices mounted on a round-section standard set in a sandstone pedestal,

DIMENSIONS: 240cm (94^{3/2}") High, 122cm (48") Wide

PRICE: £1,185

STOCK CODE: 46392

HISTORY

We know that the standard originated in East Anglia, the vane is a copy of those topping Charlton Park House in Wiltshire – they work well together.
