AN ENGLISH BRONZE FANLIGHT WINDOW,

Edwardian,

the geometric demi-lune overdoor, cast in square-section bar each radial section terminating with opposed Greek-key scrolls, the margin frame incorporating repeating circlets and diamond-shaped ornament,

DIMENSIONS: 89cm (35") High, 173cm (68") Wide, 4cm (1½") Deep

STOCK CODE: 45044

HISTORY

The provenance of this beautifully engineered fanlight window is lost. It does have associated glazing frame that would enable its re-glazing. A bend to one of the radial bars is evident.
