AN ENGLISH CARVED HARDWOOD INDUSTRIAL MOULD,

mid 20th Century, made for British Aerospace,

the double-sided mould for the precision casting of engineered aeronautical component parts,

DIMENSIONS: 63cm (24^{3/4}"") High, 54cm (21^{1/4}"") Wide, 25cm (9^{3/4}"") Deep

PRICE: £220

STOCK CODE: 44851

HISTORY

Salvaged from a West Country foundry that specialised in the supplying component parts to aviation and military manufacturers we have simply cleaned up the moulds and mounted them on a salvaged oak slab. Each has a certain abstract quality and bear the notes and markings by the foundry workers during the casting process.
