AN ENGLISH CAST IRON FIREBACK

salvaged, probably a 20th Century cast of an earlier plate
the rectangular plate with an arched top, cast in relief with the biblical story of "Rebecca at the Well", and the date "1650" flanking a crown,

DIMENSIONS: 51cm (20") High, 68cm (26^{3/4}") Wide, 4cm (1^{1/2}") Thick

PRICE: £355

STOCK CODE: 47063

HISTORY

The casting of the fireback has become indistinct – and characterful for it. The figures almost appear ethereal – probably as much due to wear and use as multiple re-castings.
