# AN ENGLISH WROUGHT IRON BELL HOUSING,

early 19th Century,

the arched roof with pineapple finials above the decorative hand-wrought cage, containing the remnants of a sprung bell mechanism,

DIMENSIONS: 111cm (43<sup>3/4</sup>" ) High, 66cm (26" ) Wide, 27cm (10<sup>3/4</sup>" ) Deep

STOCK CODE: 26543

## HISTORY

Bought from a private collection, the original provenance of this wrought iron cage has been lost. It can only be assumed that it was positioned in a country estate of some note. Part of the servant bell system - the wire network of communication running through all major houses in the 19th Century we can only guess whether the bells, probably of different tones were there to summon a carriage, signal the arrival of a guest or bring the gardeners in for their lunch.
