AN EXQUISITE CHINESE PAINTED ROOM

First half of 19th Century

Comprising a triptych, a diptych and two other panels (7), applied with hand-coloured papers on mahogany panels depicting figures within a landscape,

DIMENSIONS: 245cm (96^{3/4}") High, 950cm (374") The Run, Widths to Sight edge: 3@ 152cm (68"), 4@ 85cm (33.5")

STOCK CODE: 40011

HISTORY

This wonderful panelled room was recovered during the recent demolition of a major City of London building. It is known to have been salvaged from an English Country estate during the 1950's. Research is yet to establish which house it came from. Given the rate of demolition of large Country Houses in the 1950's - up to one every fortnight in 1955 - its origin may never be known.
