# CREWEL WORK PANEL DEPICTING THE FESTIVAL INTERNATIONAL DU CIRQUE DE MONTE-CARLO.

The very unusual crewel work panel takes images from past poster art work, advertising the festival in the years of 1990 (the 15th annual festival) and 1998 (the 22nd annual festival). The art of crewel work dates back centuries, crewel being the old Welsh name for wool, the technique is very similar to embroidery, the only real difference is that the needle used is larger which helps thread the thicker wool yarn. The International Circus Festival of Monte-Carlo( *Festival International du Cirque de Monte-Carlo*) is an annual circus and awards show, that takes place every year in the month of January. The festival was created in 1974 by Prince Rainer III of Monaco and has been used to promote circus performers at the pinnacle of their profession. Please note as the shown in the photos two areas of wear.
