PRICE: £175

STOCK CODE: P01197

## HISTORY

Harry Beck was an English engineering draftsman who in 1931 came up with the idea to show the London Underground Railway network as an electrical diagram. Beck drew up the diagram in his spare time, as London Underground was initially sceptical of such a radical proposal. It was tentatively first introduced to the public in a small pamphlet in 1933. Beck continued to update the Tube map on a freelance basis, until 1960 when the Publicity Officer, Harold Hutchison, added the Victoria Line.
