A VICTORIAN PINE CHAPEL FIRE SURROUND,

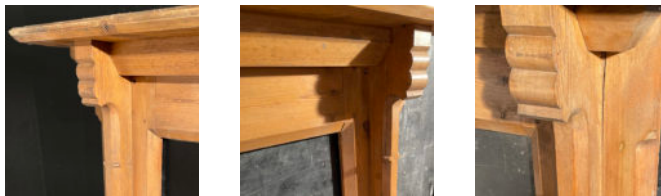

removed from the former Methodist Chapel in Jericho - for many years used as an Oxford University chemistry lab,

the rectangular shelf with chamfered moulding above the gothic inspired lobed corbels and the plain frieze and jambs with stop-chamfered details,

DIMENSIONS: 117cm (46") High, 143cm (56^{3/4}") Wide, 22.5cm (8^{3/4}") Deep, the aperture measures 75.5cm wide and 90cm high, the width to the edge of the jambs is 121cm,

PRICE: £925

STOCK CODE: 45579

HISTORY

The detailing of this fireplace is typical for Victorian Oxford - and a rather nice example - it has an associated pair to it (available individually - see 45580)
