RECLAIMED PEAK DISTRICT FOSSIL LIMESTONE SLABS

two slabs remain, 58X32cm and 49.5X46cm (with hole)

stunning and decorative English stone with thousands of corals, crinoids, bivalves and brachiopods. Examples shown in the images provided, slabs provided in 'as is' condition and will likely require a suitable finish, use dependant (two of the three slabs photographed have been waxed, the asterisked one without). Old cement and grout to the reverse, some with small holes.

DIMENSIONS: 82cm (32^{3/4}") High, 59cm (23^{3/4}") Wide, 2cm (0^{3/4}") Deep

STOCK CODE: 78747
