CARPATHIAN OAK CHEVRON PARQUET

Chevron parquet made from reclaimed historic timbers. Price are per square metre.

Reclaimed solid Oak chevron parquet. These Chevron blocks are cut to shape from reclaimed batches of 19th century Oak. The timber is sourced from disused agricultural buildings on the Orsova region of the Carpathian Mountains and cut to shape, ready to lay. The timber is clean and smooth all over without any residual bark or the bitumen coat one has to manage in other reclaimed blocks. It is highly characterful and, as it is old-growth oak, stable and solid. Batches of any size can be handled with a lead time of 4-6 weeks and we encourage customers to call our flooring office for further information.
